DIRECTION TO THE CANADIAN BROADCASTING
CORPORATION PURSUANT TO SUBSECTION (2)
OF SECTION 39 OF THE BROADCASTING ACT

1. The Canadian Broadcasting Corporation, after having obtained necessary broadcasting licence from the Canadian Radio-Television Commission, shall, as agent of Her Majesty in right of Canada, construct and operate a broadcasting transmitting undertaking at Toronto, Ontario, using television ultra high frequency channel 19, for the purpose of broadcasting the types of programming defined in Appendix A, which shall be provided to the Corporation by the provincial authority for the Province of Ontario defined in Appendix A, hereinafter called the "Authority".
2. The construction and operation of the broadcasting transmitting undertaking shall, within the conditions of the licence issued to the Corporation by the Canadian Radio-Television Commission and subject to any applicable regulations of the Commission, be in accordance with an agreement to be entered into between the Corporation as agent of Her Majesty in right of Canada and the Authority, substantially in the form annexed hereto as Appendix B.
3. The Government of Canada will advance to the Corporation from time to time as may be required the funds necessary for the capital costs of the broadcasting transmitting undertaking and the funds so advanced and interest thereon shall as hereinafter provided be billed to the Authority by the Corporation under its agreement with the Authority and shall be paid over forthwith upon receipt to the Receiver General of Canada through the Secretary of State; provided that the Corporation shall be liable to pay to him only such amounts as have been received by it from the Authority.
4. Capital costs of the broadcasting transmitting undertaking, including the costs of re-locating the undertaking on a permanent site if required, are to be billed by the Corporation to the Authority on the basis of recovery of one-twentieth per annum during the term of the agreement and any renewals thereof, until fully recovered; provided that the Authority shall have the privilege of prepaying the whole or any part of the said capital costs at any time or times. Operating costs are to be recovered by the Corporation from the Authority in accordance with the agreement, save and except monitoring costs which will be reimbursed to the Corporation by the Government of Canada through the Secretary of State.
5. During the term of the agreement and any renewals thereof, the Corporation shall charge the Authority interest on the outstanding portion of each advance made to the Corporation by the Government of Canada that has not been fully paid to the Corporation by the Authority from, but not including, the date

of such advance to the Corporation by the Government of Canada to and including the date of repayment by the Authority to the Corporation of the full amount of the advance in accordance with the agreement, both before and after the time stipulated for payment, until paid, at rates for each advance equal to the rates of interest determined quarterly by the Minister of Finance having regard to the method by which the Minister of Finance determines the rates of interest to be charged on loans of similar maturity by the Government of Canada to Crown corporations.

6. The Corporation shall, subject to paragraph 7, have the administration and control of all equipment acquired by it for the broadcasting transmitting undertaking for the purpose of this direction.

7. At such time as any equipment acquired by the Corporation for the broadcasting transmitting undertaking is no longer required for the purpose of this direction, the Corporation shall, on the request of the Secretary of State, execute all necessary documents and take all other necessary steps to transfer free and clear and without charge to the Secretary of State the administration and control of any such equipment for disposal pursuant to the provisions of the Surplus Crown Assets Act.

DEFINITION FOR THE RESERVATION OF EDUCATIONAL BROADCASTING TIME AND FACILITIES

"Where, within its jurisdiction, the Canadian Radio-Television Commission, on the direction of the Governor in Council, stipulates that at least one channel of a cable transmission facility be set aside for the use of a provincial authority for educational broadcasting or where the Canadian Broadcasting Corporation acts as agent of Her Majesty in right of Canada in providing a transmission facility for the use of a provincial authority for educational broadcasting, the time reserved on such channel or transmission facility for the provincial authority shall be used for broadcasting the following types of programming:

1. programming designed to be presented in such a context as to provide a continuity of learning opportunity aimed at the acquisition or improvement of knowledge or the enlargement of understanding of members of the audience to whom such programming is directed and under circumstances such that the acquisition or improvement of such knowledge or the enlargement of such understanding is subject to supervision or assessment by the provincial authority by any appropriate means;
2. programming providing information on the available courses of instruction or involving the broadcasting of special educational events within the educational system.

'Provincial authority' in relation to any province means such person, body or authority as may be designated by the Lieutenant-Governor in Council of that province as the provincial authority for that province for the purposes of this definition."

The intention of the above provision is to ensure that such programming, taken as a whole, shall be designed to furnish educational opportunities and shall be distinctly different from general broadcasting available on the public or private channels.

Memorandum of Agreement made this _____ day of _____ 1970.

BETWEEN: CANADIAN BROADCASTING CORPORATION
(hereinafter called "The Corporation")

OF THE FIRST PART

AND THE ONTARIO EDUCATIONAL COMMUNICATIONS
AUTHORITY
(hereinafter called "the Authority")

OF THE SECOND PART

WITNESSETH THAT:

WHEREAS The Province of Ontario is prepared, without prejudice to its rights, to accept, on a trial basis, the proposal of the Federal Government to have the Corporation be the Licensee of Channel 19 in the Metropolitan Toronto area (hereinafter called "Channel 19").

NOW THEREFORE, for other good and valuable consideration and the sum of one dollar (\$1.00) of lawful money of Canada, now paid by each party to the other (the receipt whereof is hereby by each of them acknowledged) the Corporation and the Authority mutually covenant declare and agree together as follows:

1. It has been agreed by the Corporation and the Authority that the arrangements contemplated by this Agreement will require full and complete co-operation between the parties at all times, and both are prepared to give such co-operation.

2. The role of the Corporation is to act as Licensee of Channel 19 subject to the rights and obligations of the Authority as herein set out.

3. The role of the Authority, pursuant to this Agreement, is to fulfill its obligations to the people of Ontario in the field of education, through broadcasting, by programming Channel 19.

4. Subject to the obligations of the Corporation as the Licensee, no program will be transmitted through the facilities of Channel 19 unless it has been provided by the Authority, it being the intent of this provision that any program which is to be transmitted on behalf of any other educational organization or institution shall be transmitted under the auspices of the Authority.

5. It is understood and agreed that the Licence to be granted to the Corporation for Channel 19 will limit the use of the transmission facilities to the transmission of "educational programs", and for the purposes of this Agreement, "educational programs" shall mean those authorized by the conditions of the said Licence.

6. It is understood and agreed, and it is a prime requisite of this Agreement, that any program submitted by the Authority to the Corporation for transmission on Channel 19, so long as it falls within the definition of "educational programs" as aforesaid, and provided that its broadcast will not contravene the provisions of the Radio Act, the Broadcasting Act, the Regulations under either Act, the conditions of the Licence, or the Laws of Canada and will not violate any private or civil right recognized by law, must be accepted for transmission, and be transmitted, by the Corporation, it being the intent of this provision that the Corporation shall not be entitled to pass judgment on the relative merit or otherwise of any program.

7. The parties recognize that the Corporation, as Licensee of Channel 19, will have a responsibility to insure that programs submitted by the Authority comply with the conditions for broadcast set out in the previous paragraph, and agree to work out procedures to permit exercise of that responsibility. It is agreed that in any case where in the opinion of the Corporation broadcast of a program would infringe any law, regulation or legal right referred to in the pre-

cedure
(cont'd)

vious paragraph or the program would not fall within the definition of "educational programs" as aforesaid, the parties will immediately discuss the matter with a view to reaching agreement on any steps necessary to render the program acceptable for broadcast. Failing such agreement the parties agree that (a) in cases involving disagreement as to whether broadcast of the program will infringe any law, regulation or legal requirement or right referred to in the previous paragraph, the program will be withheld from broadcast until decision of the legal question involved by the appropriate court or courts of law; and (b) in cases involving disagreement as to whether a program falls within the definition of "educational programs" as aforesaid, and in all other cases not covered by (a) above, the program will not be withheld from broadcast, but the parties agree as soon as possible to attempt in consultation with the Canadian Radio-Television Commission, or any person acceptable to both parties, to achieve a satisfactory resolution of the points on which the parties disagree.

ternal
policies

8. Because of the natures of their respective responsibilities in the public service, the parties agree that it is highly unlikely that conflicts in internal policies will arise, and the parties agree to freely exchange such policies at all times during the currency of this Agreement and to discuss them at all reasonable times with a view to having their respective policies coincide where advisable.

rights

9. The Authority shall be responsible for obtaining all necessary rights and clearances for all programs supplied by it for transmission through the facilities of Channel 19. The Authority agrees to consult with the Corporation concerning acquisition by the Authority of the required music performance rights in order to ensure adoption of procedures which will satisfy the needs of both parties in carrying out their responsibilities hereunder.

indemnification

10. The Authority agrees to indemnify and save harmless, and does hereby indemnify and save harmless the Corporation, its servants and agents in respect of any claim based upon or arising out of broadcast by the Corporation over Channel 19 of any program supplied by the Authority, and in respect of any claim based upon or arising out of anything done by the Corporation, its servants or agents in carrying out the Corporation's obligations hereunder, unless such claim is based upon or arises out of the negligence of the Corporation, its agents or servants.

performance

11. It is agreed that if either party shall be delayed in or fails to carry out any responsibility hereunder by reason of strike, lockout, labour dispute, mechanical or electrical failure or any other cause beyond the control of such party, the said party shall not thereby incur any liability to the other party.

consultation

12. The parties agree that prior to commencement of operation of the station they will establish mutually satisfactory arrangements to ensure that the Corporation is properly informed concerning programs to be supplied by the Authority; giving the Corporation access to programs where necessary; providing for the retention of recordings of programs to satisfy the broadcast regulations; providing for the keeping of logs; ensuring that operation of the station will not involve violation of the collective agreements of either party; and generally covering all details of operation to ensure the efficient operation of the station and effective collaboration of the parties in accordance with this agreement.

Capital Costs

13. The Authority agrees to pay to the Corporation the actual capital costs of construction and installation of the transmitter and associated facilities (estimated at current costs to be \$630,000.00) in accordance with the specifications in the Corporation's application for the licence for Channel 19 on the following basis:

Repayment of the capital cost, until it has been fully repaid, will be based upon payment of one twentieth (1/20) annually during the term hereof and during any renewal hereof of the actual cost, as at the completion of construction and installation of the said facilities, together with interest in accordance with paragraph 5 of the direction

issued by The Order-in-Council to the Corporation under Section 39(2) of the Broadcasting Act, a copy which is annexed hereto as schedule "A", provided that the Authority shall have the privilege of pre-paying the whole or any part of the said capital costs at any time or times. The Authority will be billed by the Corporation and the Authority will pay on a quarterly basis commencing at the end of the first full fiscal quarter following the date of commencement of operation of the station. Payment will be made by the Authority to the order of the Receiver General of Canada through the Corporation. If during the term of this agreement or any renewal thereof it becomes necessary to relocate the transmitter and associated facilities to a permanent location, the Authority agrees thereafter during the term hereof and any renewal thereof to pay to the Corporation the actual capital costs incurred in the relocation (presently estimated at \$340,000.00) in the same manner and on the same terms as are provided for herein for payment of the initial capital costs.

14. The Authority agrees to reimburse the Corporation for the actual operating costs of the transmitter, including a transmission management fee of 5% of such costs, by quarterly payments, commencing at the end of the first full fiscal quarter after commencement of operation of the station. Payments shall be due when billed and shall be made to the order of the Corporation.

15. This agreement shall continue in force during the initial term of the licence for Channel 19, and during the term of any renewal thereof, provided however that the Authority may terminate this agreement on the expiry of the initial term or on the expiry of any renewal thereof on written notice to the Corporation given at least six months prior to such expiry.

IN WITNESS WHEREOF the Corporation and the Authority have hereto caused their corporate seals to be affixed over the signatures of their respective officers duly authorized in that behalf.

WHEREAS the Minister of Veterans Affairs reports as follows:

That subsection (1) of section 24 of the Veterans Land Regulations provides that the Director may not approve financial assistance on behalf of a veteran qualified as a small holder on an area of land containing less than one half of one acre, but at the discretion of the Director, this area may be reduced by 20%;

That in August 1968, Frances Margaret Moir became interested in a property located in the Township of Gloucester, County of Carleton, Province of Ontario, advertised for sale by a realtor and after being assured by said realtor and taking further precautions to assure herself the area met the minimum acreage requirements, applied to The Director, The Veterans' Land Act for a Certificate of Qualification and for financial assistance under Parts I and III of the Act to purchase the said property;

That on the 16th of December 1968, the property, which comprises an irregular shaped lot with a daylight corner and a five year old dwelling was appraised at which time the veteran was led to believe the property would be acceptable;

That since at that time there were no funds for property purchase under the Veterans' Land Act, qualified veteran Frances Margaret Moir, believing the property to be acceptable for purposes of a forward commitment on funds to be released after the 1st of April 1969, did commit herself to the purchase of the said property under a short-term mortgage and on the 19th of September 1968, took possession of the said property;

...2

- 2 -

That on the 30th of December 1968, a formal letter of commitment was written to qualified veteran Frances Margaret Moir but requiring the land area be verified by a qualified Ontario Land Surveyor;

That subsequently on the 21st of May 1969, a qualified Ontario Land Surveyor certified the property contained an area of 17,035 square feet which is less than the minimum of 17,424 square feet, as a result of which purchase of the property was stopped;

That subsequent review of the circumstances led to the conclusion the irregular shaped lot appeared from a layman's point of view to contain sufficient area, and qualified veteran Frances Margaret Moir had taken reasonable precautions to ensure the property did meet the requirements of the Veterans' Land Act, and as a result, based on verbal assurances by officials of the Veterans' Land Administration she did commit herself to a short-term mortgage, in expectation of receiving financial assistance under the provisions of the Veterans' Land Act; and

That in the circumstances, it is deemed advisable to give qualified veteran Frances Margaret Moir the benefit of any doubt and approve her establishment on the aforesaid property;

THEREFORE, HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL, on the recommendation of the Minister of Veterans Affairs, is pleased hereby to approve the establishment of qualified veteran Frances Margaret Moir on a parcel of land located in the Township of Gloucester, County of Carleton, Province of Ontario, containing an area of approximately 17,035 square feet which is less than the prescribed minimum of one half of one acre.
